

# PICOF-7: Fisheries and Ocean Sector Engagement

Dr. Olivia Warrick  
PICS Panel Co-Chair, IFRC

# PICOF Day 2

- Produce consensus-based, user-relevant climate outlook guidance in real time to reduce climate related risks
- Support sustainable development for the coming season in sectors of critical socioeconomic significance for the Pacific Island region.

# Sector Engagement

- Strengthen interaction and partnerships between NMHSs and critical sectors
- Identification of impacts and implications of climate outlook on fisheries and ocean sector
- Identify sector user needs from climate products and services e.g. data and information, communication methods, tailored products
