

Third Meeting of the Pacific Meteorological Council (PMC-3)

20-23 July 2015
Nuku'alofa
The Kingdom of Tonga

Agenda Item 3.0: Report on Actions Taken on Matters Arising from PMC-2

Purpose

1. To provide an overview of progress since the July 2013 PMC-2 Meeting held in Nadi, Fiji.

Background

2. The PMC-2 endorsed over 60 outcomes and recommendation both for national and regional actions. The report of the PMC-2 is attached in Annex 1. A summary of the progress and updates of the implementation of the recommendations are provided as Annex 2.
3. Some of the progress made from the last PMC-2 include; the establishment of the Pacific Islands Climate Services (PICS) Panel, the establishment of the Pacific Roving QMS Auditing Team, 3 meteorology side events including a leaders Panel discussion with the BBC during the SIDS meeting in Samoa, and the new projects secured to support the NMHSs are milestone achievements from the PMC-2. Other progress are highlighted in the Annex 2.
4. There were also numerous activities that had been implemented by the different members, partners and institutions such as WMO, NOAA, ABOM, NIWA, MetService, UKMO, USP, SPC, PIFS and many others in the region.
5. While this report only provides an overview, most of the updates will be provided under each of the specific agenda items.

Recommendations

6. The Meeting is invited to:
 - **Note and Endorse** the summary report on Matters Arising from the PMC-2
